Thank you Karen. I was aware of this and have made a note to revisit as our schedule/the weather allows. Lori

**Subject:** FW: MDOT Property observation

Hi Lori,

I wanted to share this information with you. An EPA contractor staff noticed scraps of leather laying on the ground near the staging area used for the removal activities on the MDOT property. See pictures attached. They put in some pin flags in the area they saw the scraps. I am thinking that GZA staff could do some surficial pickup of any scrap leather laying around from the excavation activities on the MDOT property. It might be difficult to find all the scraps now that leaves have fallen but something to keep on the list.

Thanks,

Karen Vorce
